

Model 8081 HEAVY DUTY SPRAY BAR

ADVANCED
CHEMICAL
TECHNOLOGIES, Inc.
"Protecting the World's Infrastructure"

The model 8081 Heavy Duty Spray Bar allows for quick and easy application of Multigard™ to parking lots, garages and all types of concrete surfaces. No more mixing to much or too little chemical solution because the Spray Bar dispenses directly from the original container.

It precisely mixes Multigard™ at the desired dilution rate. It is the perfect sprayer for covering large areas quickly and easily. The sprayer connect right to the water supply line.

In addition to the spray boom, a hand held spray gun is attached to allow the operator to spray curbs or between obstructions.

FEATURES

1. 6 foot folding Spray Boom for easy storage.
2. Hand held applicator to spray tight areas.
3. 5 gallon pails of chemical fits the solution range.
4. Built in flow meter to determine the solution range.
5. Pressure regulator for accurate control.
6. Pneumatic tire with ball bearings for easy handling.
7. Adjustable boom height
8. Trigger gun for boom spray control
